Five women activists tell what climate justice means to them

## COUNTING FEELINGS DATA SETS by MELT, 2023

<https://www.amnesty.org/en/latest/campaigns/2020/03/five-women-activists-tell-what-climate-justice-means-to-them/>

### Yes, Trans Rights are an Environmental Issue

“Lots of transgender and non-conforming people who experience poverty, they’re exposed to dirty air and dirty water. And most of the time, they don’t realize that they’re living under the shadow of [these exposures]. It starts with poverty.”

<https://grist.org/article/transgender-rights-climate-intersectionality/>

### No Pride in Ecocide Movement

“Seeking safety is a common theme to queer struggle, and it’s central to the topic of climate breakdown.”
